

Cider

Serving
Temperature

8 to 10°C

Origin

Spanish cider produced in Asturias, where cider is an age-old tradition: the Visigoths had a similar drink called *sicer*. Our cider is not made from concentrates and is produced in the traditional method of the Asturian *lagares*.

Apple

From the apple orchards in Asturias.

Tasting Notes

Refreshing dry cider, made with 100% fresh-squeezed Spanish apples, with a characteristic acidity paired with a slight astringency and a touch of sweetness.
