

White Wine

**Serving
Temperature**

7 to 8°C

Vineyards

Spanish wine from La Manchuela, located between the plain of La Mancha and the Serranía de Cuenca. The slow maturation and the perfect formation of polyphenols produce an outstanding grape. Selected for its suitability for in-flight drinking.

Grape Variety

Macabeo, appreciated for its balance between acidity and sweetness, commonly used in Spanish cava. It is blended with sauvignon blanc for its rich, pungent aroma.

Tasting Notes

Young, with the grapes' characteristic freshness and aroma. Fragrant and fresh, fruity up front with a mineral backbone. Elegant on the palate with a dry finish.

Pairing

Perfect for pairing with snacks, sandwiches, nuts and on-board meals.
